

In the Claims

1-6. (cancelled)

7. (currently amended) A floor carpet installation system, comprising:

a carpet having a nap side forming a useful surface thereof and having a backside opposite said nap side;

a loopless material fixed on said backside of said carpet; and

a micro-adhesive closing component fixable to a floor and having upwardly protruding mushroom-shaped interlocking elements on a carrier, said interlocking elements having fingers with ~~plate-shaped~~ mushroom-shaped heads at ends thereof remote from said carrier interlockingly engaged with said loopless material, said heads having concave depressions on top surfaces thereof receiving adhesive to provide an additional connection with said backside of said carpet.

8. (previously added) A floor carpet installation system according to claim 7

wherein

said adhesive has an acrylate base.

9. (previously added) A floor carpet installation system according to claim 7

wherein

said loopless material is felt.

10. (previously added) A floor carpet installation system according to claim 7
wherein
said loopless material is fleece.

11. (currently amended) A floor carpet installation system according to claim 7
wherein
said loopless material is ~~loose loop~~ a weave.

12. (currently amended) A floor carpet installation system according to claim 7
wherein
said loopless material is a flat knit.

13. (previously added) A floor carpet installation system according to claim 7
wherein
said loopless material is non-woven.

14. (previously added) A floor carpet installation system according to claim 13
wherein
said non-woven textile is of synthetic materials.

15. (previously added) A floor carpet installation system according to claim 13
wherein
said non-woven textile is needle punched felt.

16. (currently amended) A floor carpet installation system according to claim 13

wherein

said non-woven textile is ~~riveted~~ a tuft.

17. (previously added) A floor carpet installation system according to claim 7

wherein

a backside of said closing component is connected to the floor by adhesive.
